### The Nervous Strain of Recent Months

Has Ruined the Health of Many a Business Man.

eplessness, Headache, Nervous Indiges-tion, Irritability and Depression Tell of Exhausted Nerve Force.

Never before has the strain on the nerves of the business man been so great as since the beginning of the war. With some it has been a question of lessened profits, while others have been thrown out of employment or seen their business go down with a crash.

Worry and anxiety are the most frequent causes of nervous disorders. It is, therefore, not to be wondered at that in many cases the depression in business has resulted in shattered nerves and ruined health.

health.

Dr. Chase's Nerve Food has proven itself the greatest of nerve restoratives. It is no miracle-worker, but supplies to the human body, in condensed and easily assimilated form, the ingredients from which Nature forms new, rich blood and new nerve force.

When the nervous system is greatly exhausted it requires patient treatment to revitalize the wasted and depleted nerve cells. Since cure is brought about by the building-up process, you can be sure that each dose of this great food cure is at least doing you some good, and that the results are bound to be beneficial.

By the use of Dr. Chase's Nerve Food the vital organs of the body are quickened into action. Digestion improves, the heart's action is strengthened, the liver, kidneys and bowels resume their natural functions, and the system is benefited in every way. Gloom and discouragement give place to new hope and courage, and you are belped on the way to health and success.
